PROFESSIONAL SUMMARY

Experienced Software Engineer with a passion for web application development and a strong drive to leverage technology to create innovative solutions. Demonstrated success in delivering high-quality projects, collaborating with cross-functional teams to meet client requirements and exceed expectations. Proficient in a wide range of technologies including React, JavaScript, Python, and databases such as PostgreSQL and MySQL.

EXPERIENCE

Software Engineer | Stack Technologies | Colombo | Jun 2021 - Present

Project: DSI Scheduler
Summary: Designed and developed reusable React.js components, managed state and lifecycle, and developed server-side application logic using Python. Successfully optimized database performance and integrated APIs.

Key Skills: React, JavaScript, Python, React.js, UI Development, Server-side Development, PostgreSQL, API Development, Troubleshooting, Collaboration

Associate software engineer | Stack Technologies | Jul 2019 - Jun 2021

Project: LightyShare (France Project)
Summary: Developed web services using PHP, optimized performance, and managed databases. Utilized Symfony framework for structured development.

Key Skills: PHP, JavaScript, Symfony, MySQL, Web Services Development, Performance Optimization, Database Management, Troubleshooting

Project: Insigning App
Summary: Developed mobile applications using React Native, enhanced UI/UX design, integrated Firebase services, and developed Node.js backend.

Key Skills: React Native, JavaScript, UI/UX Enhancement, Firebase Integration, Node.js Backend, Git, GitHub

EDUCATION

BSc (Hons) Software Engineering, Second Class (Upper Division)
Cardiff Metropolitan University, Graduated July 2021

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, PHP
Front-end: React, HTML, CSS
Back-end: Node.js, Django
Databases: PostgreSQL, MySQL
Frameworks: Symfony, React Native
Tools: Git, GitHub, VS code, linux
